

4 APR 1978

MEMORANDUM FOR: Chief, SALT Support Staff, NFAC
FROM: Director of Central Intelligence
SUBJECT: UN Disarmament Conference

Could you give me a brief memo on the UN disarmament conference that's forthcoming. I don't understand it and its relation to the CCD. I don't understand why this is such a big deal. I'd also appreciate your views on anything we should be doing to help our policy makers prepare for it.
